

Explore & Learn

Color & Shapes City

The Explore & Learn games are two great products in one! Each game combines a giant, beautifully illustrated 2' x2' "talk about" floor puzzle that when put together becomes a fun learning game for up to four players. First, have fun piecing together the 33 piece puzzle then attach the spinner in the middle and play the game. Learn all about the colors and shapes while collecting your game pieces. Explore & Learn Color & Shape City is a fun way to learn about math. Recommended for ages three and up.

Item# 899052

Features

- Bright, colorful "talk about" illustration
